

## Zero Resistance Ammeter

Many users like the single function Zero Resistance Ammeter.

It is very simple to use and ideal for testing simple galvanic couples. Having a meter on the front makes it easy to monitor the Galvanic Current visually every few hours.

Ideal for use in a teaching establishment, it gives the student a good feel for corrosion.

### Zero Resistance Ammeter Features

**Features** - Over/Under range LEDs, 500mA Range, 3.5 digit Meter and Buffered Outputs.

**Options** - Battery powered.

**Warranty** - 2 years return to base, can be extended to 8 years.

**Delivery** - to any part of the world typically covered by courier companies.
